I am Mr. Panigrahi giving testimony on behalf of Mrs. Pushpanjali Panigrahi. Initially my wife had to go through many turmoils, she was mentally unstable and there were high chances of her slipping into depression but when we visited Orchids Breast Health Clinic and spoke to Dr. Koppiker, I saw a positivity in her. My wife was willing to take the treatment and come out of the deadly disease all thanks to Dr. Koppiker and his team. In addition to this we also received major concessions from the organization for her chemotherapy. The staff here is like a family, very understanding and co-operative.
